

Redox Biology Seminars October & November 2014

Thursday, October 9th

6:00 pm @ ZMBH, INF 282, seminar room 001:

Rafael Radi (Montevideo)

Structural biology studies in tyrosine nitrated proteins

(hosted by Luise Krauth-Siegel)

Monday, November 3rd

3:00 pm @ DKFZ, INF 280, seminar room 2nd floor

Bruno Manta (Montevideo)

Glutaredoxin at the crossroad of glutathione and trypanothione metabolism

Thursday, November 6th

4:00 pm @ ZMBH, INF 282, seminar room 001

DKFZ-ZMBH-Alliance Colloquium

Nick Lane (London)

Bioenergetic constraints on the evolution of complex life

November 9 - 11

Congress Center of the German Cancer Research Center, INF 280.

1st international conference on

"Molecular mechanisms of cellular surveillance and damage responses"
